AI training in soft skills: <https://virtualspeech.com/>

Active Listening

Effective listening is what makes someone a truly gifted communicator. It can help you succeed in your dream job and make good impressions on your colleagues.

How to Present over Video

Practice how to deliver successful video-based presentations with interactive practice exercises.

Leadership Communication

Learn how to convey your ideas in ways that drive effective decision-making, collaborative teams, and real action.

High-Impact Presentations

Learn how to execute important presentations before practicing your delivery in online exercises.

The Elevator Pitch

Learn how to create an engaging elevator pitch for your idea, your company, or the brand of you.

Business Networking

Learn professional networking skills both online and in-person, including how to open conversations, active listening, and more.

Presenting with Confidence

Master your presenting skills and overcome your fear of public speaking to build confidence when presenting.

Diversity, Equity, and Inclusion

Challenges experienced in the workplace can be less obvious to spot and easily go unnoticed. However, their effects are cumulative, and they cause real harm.

How to Give Feedback

Learn techniques for delivering professional feedback to stimulate performance and encourage constant improvement.

Empathy in the Workplace

This course will equip you with practical tools to strengthen your relationships with others in the workplace and in your personal life.

Job Interview Preparation

Practice answering company specific and competency based questions in realistic virtual environments.
